VOL. CVXIIII.—152. ALEXANDRIA, VIRGINIA, TUESDAY, JULY 15, 1913. PRICE. 2 CENTS

ALIENATED LOVE OF YOUNG BRIDE

Twenty-Five Thousand Dollar Damages Claimed in Suit.

DESERTED BY WIFE.

Alleged Conspiracy to Part Couple Who Were Married by Former Alexandrian.

Richmond, a., July 15. — Thomas Grant Walker, son of William Walker, of 1311 Floyd Avenue, filed suit for $25,000 in the Law and Equity Court yesterday against H. L., Frank R., John L., Miss Alice, and Mrs. Alice Ratcliff, kinsfolk of his young wife, who, after six hours of married life last April returned to her parents and has since refused to live with him.

The filing of the suit brings the second chapter of a story of tangled domesticity which was the sensation of day more than two months ago. Walker, who is 31 years old, married 22-year-old Elizabeth Ratcliffe on Friday morning, April 25, and both left the same afternoon for Washington. By the time the couple reached Ashland, a telegram from a brother of the bride called them back to Richmond. The return to the city was followed by an immediate estrangement between the couple and the breach still continues.

Attorney L. O. Wendenburg, counsel for the plaintiff, said last night the declaration setting forth Mr. Walkers grounds for the suit will be filed next Monday. It will allege, among other things, he said, that the defendants, all of whom are kinsfolk of the bride, conspired together to alienate her affections, and that they are directly responsible for her change of heart toward the man whom she has married.

According to Mr. Wendenburg, Elizabeth Ratcliffe and Thomas Grant Walker were sweethearts for eight years, and were engaged for eighteen months immediately prior to their marriage. The defense is prepared to show, he said, that on the night before the two were married the girl told the young man that if they didn't get married the very next morning they would never be able to do so, because Frank Ratcliffe, her brother, would be back in town and would prevent it.

The plaintiff will charge, also, says counsel, that the telegram that intercepted the couple at Ashland and which caused the two to abandon their honeymoon at Doswell was false, and circulated only to further the designs of the defendants. It reported the mother of the bride to be precariously ill, and asked for her immediate return to attend the bedside. When the two returned, it is charged, they found Mrs. H.L.Ratcliffe, the mother, of the bride, feeding chickens in the back yard of the family residence in Highland Park, and well as ever.

Mr. and Mrs. Walker were married on the morning of Friday, April 25, by the Rev. J. Calvin Stewart, D. D., rector of Church of the Covenant. The marriage, it appears, came as a surprise to the family, of the bride, although from what could be learned at the time, it was apparent that the young man had been a welcome caller at the girl's home for about two years. It was generally understood among friends and relatives that they would some day marry.

BOY FIRE FIEND AS SLAYER.

On His Own Confession He Faces Manslaughter Charge.

Pittsburgh, Pa., July 15—Raymond Raab, the 15 year-old boy, who last week confessed setting fire to six places on the North Side, was held for the grand jury by the coroner yesterday on a charge of manslaughter.

The charge is based on the fire in the libarary department and office building last December in which Colonel J. L. Taylor perished.

NEWS OF THE DAY.

An additional complication in the relations between the United States and Mexico may result from the attitude assumed by the European diplomats stationed at Mexico City. It became known yesterday, that all of them, acting in concert, have sent to their respective governments identical notes, in which they declare that the position taken by the United States with reference to Mexico is contributing to revolutionary conditions, and suggesting that the representatives at Washington of the respective European countries be instructed to request recognition, or that the United States assume responsibility here.

"Yes, it's quite true, I am engaged for the Victoria, in New York, opening on August 4," Evelyn Thaw said in London last night. Gustav Hamel, the aviator, has become the idol of the principals at the Hippodrome lately. He takes Mrs. Thaw on her first flight at Brooklands next Sunday. "There's nothing like adding to one's experiences" said Evelyn. "But I don't feel a bit afraid. Hamel can fly with me across Europe if he likes."

An attempt to run street cars in Lexington, Ky., yesterday resulted in general rioting, in which many strike-breakers were injured, some of them probably fatally. The first car started from the barns, manned by strike-breakers and guarded by deputy sheriffs, was attacked by strike sympathizers, who burned the car, disarmed the officers, and threw the strike-breakers into the street. Every car that was run down town was bombarded by union sympathizers, and the crews were roughly handled. The police were siding with the strikers and made but few arrests. Governor McCreary will be asked to send state to Lexington.

Rev. Arthur J. Francis, pastor of the First Presbyterian Church, of Englewood, Ill., defied church tradition Sunday by appearing in the pulpit dressed entirely in white. There was almost a gasp from the congregation when he stepped on the platform. The preacher appeared comfortable in a temperature of 93, while many members in Prince Alberts and stiff Sunday gowns fanned vigorously. After the sermon Rev. Francis said he thought the conventional heavy black coat and stiff collar were "nonsense." He said his costume permitted him to "deliver three times a better sermon' in hot weather.

John Pickering, 48 years old, a well known farmer of Woodburn, Pa., met with a peculiar accident Saturday afternoon, while employed on his farm. Pickering was working on the farm when he was stung on the back of the neck by a large bee. He died within 15 minutes. Dr. Heritage, of Langhorne, says death was caused by paralysis of the heart, caused by the bee sting.

Two sticks of dynamite bound together, with a fuse and a bit of burning punk attached, were found yesterday in the door of the office of Pilcher and Tachav, a firm of New York architects, of which L. F. Pilcher, state architect, is a member. A porter extinguished the punk when it had burned to within an inch of the fuse. Mr. Pilcher said he had received a number of threatening letters, the text of which he would not disclose. "I do not doubt that the infernal machine was placed by an enemy—some one who may have been injured in a business way while I have been state architect," Mr. Pilcher said.

Robert Izat, aged 50 years, owner of the Black Diamond Mine, Lonaconing, Md., was seriously burned and injured yesterday morning by the explosion of a keg of powder in the cellar of his home. While other members of the family were about to sit down to breakfast Mr. Izat went into the cellar to examine the water pipes. He had a pipe in his mouth and it is believed that a spark flew into the nearby keg of powder. There was a terriffic explosion which wrecked house.No other occupant of the house was hurt. While fighting the flames the members of the Good Will Fire Company found 15 sticks of dynamite. Near them was a piece of carpet smouldering and ready to burst into flame. In another part of the cellar was a barrel of miner's oil.

TRYING TO PROVE MULHALL'S MOTIVE

May Examine the General Consul For the Manufacturers.

WITNESS UNSHAKEN.

Senate Lobby Committee Prepared to Turn Down Requests of Federation of Labor and Others.

Washington, July 15. — With the Senate lobby committee prepared to turn down the requests of the attorneys for the National Association of Manufacturers and the American Federation of Labor to be allowed to cross-examine Mulhall, the hearing of the former field agent and lobbyist of the manufacturers was resumed this morning.

Senator Reed continued his lengthy examination. Up to the present Mulhall's story has been convincing, and the mass of documentary evidence that has accompanied it has dovetailed perfectly with his story.

While the N. A. M. expects to show that his motive was revenge in making the letters and his story public, it is frankly addmitted by the attorneys for the association that there is practically no chance of actually shaking his story as a whole. All that can be done, and the N. A. M. will bend its efforts along this line, will be to try to show that in many instances Mulhall has placed a wrong construction on perfectly innocent transactions.

STRIKE AVERTED.

Both Sides Willing to Submit to Arbitration.

The threatened strike of 100,000 operatives on the railroads east of Chicago has been averted. This is assured as the result of the White House conference yesterday afternoon attended by President Wilson, leaders of congress, and representatives of the railroads and of the conductors and trainmen who had voted to walk out. At this gathering arrangements were perfected for the passage by Congress today of the Newlands amendment to the Erdman act, under which sides to the pending controversy are willing to submit to arbitration. Assurances were given at the conference that this course would be followed.

Under the Newlands bill, to be rushed through Congress today, a board of mediation will be created which shall be entirely independent of Department of Labor. Under the bill, also the board of arbitration, to be chosen whenever mediation and conciliation fail, shall consist of six or three members, the latter being the number authorized by the present law. In the case of the pending controversy, the railroads and their employes will elect to have the dispute settled by an arbitration board of six. Two members of this board are to be named by the labor organizations interested, two by the railroads, and two by the four arbiters thus chosen.

MERCHANT KILLED.

While Enjoying His Motor Craft Was Thrown Into Inlet.

Brielle, N. J., July 15.—While attempting to cross the sand bar in the Manasquan river inlet in a 16-foot flat-bottomed motorboat late today Thomas Heyes, a retired merchant of New York City was strangely killed. A wave swerved the boat from its course, throwing Hayes from the craft. Acording to Dr. Ralph W. Herbert, who was called, he had been struck over the head and run over by some object, presumably the boat's propeller, after striking the water.

When picked up by James Mount, who went to his aid in a boat, Heyes was floating and Dr. Herbert said his lungs were not filled with water. Mr. Heyes has made his permanent home on the shore of the river for several years and is prominent here and in New York. His son, Edwin B. Heyes, is commodore of the Manasquan Yacht Club, and the elder Heyes himself was an enthusiastic boatsman.

Holmes and Phillips are in the service department of a local motor car company and they travel about the country repairing cars sent out by their employers. They spent two hours working on the blind man's car and sent them away in good shape the wife driving. In Wamego the good Samaritans explained their delay in arriving.

It's business with them and they are working the towns of Western Kansas. When they approach a town they hide the car in the woods until they clean up and they then speed away to the next town. STORM IN BALTIMORE.

High Wind Yesterday Morning Alarms Peope of Monumental City.

Beating upon houses and sweeping through the streets with terrific force, a wind-storm that struck Baltimore aobut 3 o'clock yesterday morning awoke sleepers to an hour of dread, during which much damage was done throughout the city and its suburbs.

Big trees were uprooted and branches torn from others sent swirling away; porch and window awnings were torn from their fastenings; signs were blown down and plate-glass windows smashed in various parts of the city.

A high wind was blowing as early as 12 o'clock but the storm did not reach its full fury until several hours later. While it died down toward daybreak, the gale broke out afresh several times during the day and blew with such force as to make walking upon the streets uncomfortable.

The storm caused considerable damage in the surrounding country.

It is feared that the fruit in many parts of Baltimore county was greatly damaged because many of the trees were blown down, an dthousands of limbs were blown off others.

MORE TROUBLE IN CHRISTIAN CHURCH

Two Retirements Follow That of Rev David Francis.

ALLEGED EVIDENCE.

Deposed Minister Said to Have Kissed Parishoner's Wife — Echoes of Recent Scandal.

Richmond,Va., July 15—Two echoes resulting from the removal of Rev. David Francis as pastor of Third Christian Church are the resignation of Rev. Lester E. Groseclose as pastor at Fairmount Christian church and the withdrawal of fellowship from H. O. Lane as a member of the Third Christian Church. Both congregations are reported to be in a state of great excitement, and to be much divided over the various issues. Notwi hstanding the evidence that he had been removed from former chargs on proef of immorality,and that the public had been put on notice in regard to him, it is stated that a considerable faction still sides with Mr. Francis, and believes that he was badly treated.

Mr. Groseclose, who has been pastor of the Fairmount Christian church for about two years, presented his resignation to his congregation on Sunday morning, and it was accepted to take effect October 15. Mr. Groseclose came into prominence in the Francis affair, having had a personal encounter with Mr. R.D. Inge,husband of the woman Mr. Francis was accused of having kissed. Mr. Groseclose is said to have criticised very sharply the way in which the Francis matter was handled, and as his church in Fairmount is not far distant from the Third Christian, at 26th and Marshall streets, the factional differences and bitterness to some extent spread to it.

On the previous Sunday—July 6—the official board of the Third Christian Church brought in the following resolution, which was adopted: "We recommend to the congregation that we withdraw fellowship from H. O. Lane, for the good of the church.'

No charges were brought against Mr. Lane at all, but members of the congregation state that it was Mr. Lane who collected and supplied to members of the congregation, newspapers and other data which revealed the dark secrets of the past life of Mr. Francis

Mr. Lane was formerly a preacher of the Christian Church, and still holds membership in the ministerial board of the church. He was once pastor of Cowardin Avenue Christian Church, South Richmond. Recently he has been an instructor at the John Marshall High School. It is now claimed that Mr. Francis made no secret of the fact that charges had been made against him in the past. The official board of the church knew that such charges had been made but did not believe them, and was content to have Mr. Francis as the minister merely on his own denial, until the kissing affair brounght matters to a crisis.

PROPOSED ARMOR PLANT.

It is Shown That the Government Could Save Millions By the Enterprise

Alexandrians representing the commercial interests of the city are working silently but assidiously in their efforts to interest government officials in Alexandria as the proper site for the proposed armor plate plant. There is every reason to believe that the government will build such a plant, and people of this city are naturally anxious for its location here. It has been shown that this city has the most suitable location for the such a plant in the United States, and Virginia Senators and Representatives will be requested to use their influence towards inducing the government to select Alexandria for the works.

Naval experts' figures showing that a government armor plant factory costing $8,466,000 would save $140 a ton on armor, or more than a million dollars net a year, were submitted to Congress today by Secretary Daniels. The Secretary's report was sent in response to a Senate resolution by him advocating a government-owned armor plant.

Millions can be saved either by operating a government plant or by compelling competition among the private manufacturers, Mr. Daniels declared. Therefore, he asked Congress to make a "full, thorough and early investigation of the cost of an armor plate factory and the cost of manufacturing armor plate in the factories owned by concerns dependent upon government patronage.

Reviewing situation in his report, the Secretary said the accepted plan had been that the Bethlehem, Carnegie and Midvale plants should be given the armor work at practically their own prices.

"This step having been taken," he said, "it clearly follows that the manufacturers themselves, convinced that one-third of the work is coming to them without much reference to the price they may bid, have not overlooked tha advantage of putting erlooked the advantage of putting in and at the same rate. They have argued that should one of them put in a bid much lower than the others, the only result would be that the other two firms would have to come down in thenr price to that of the lowest bidder in the eventual distribution of the work."

He explained that the three European countries, France, Italy, and Russia, have sought relief from the high cost of armor plate by the operation of government owned plants, while Japan has built two government factories. He found the same subject agitated in England, where many charges of monopolistic agreements and extortionate prices have been made. "The foreign manufacturers appear to have been able to keep up a higher price for armor than those in the United States,' 'he added."

Although money for an armor plant was provided in an appropriation bill passed at the beginning of the second Roosevelt administration, the plant was never constructed. In consequence, according to Secretary Daniels, "the armor plant manufacturers were allowed to jump the prices from $346 a ton in 1906 to $420 a ton in 1907."

Doctors Use This for Eczema
Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.
Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."
We ourselves vouch for the D.D.D. Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.
If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a $1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.
Drop into our store anyway and we will tell you all about this great remedy.

NEWS OF THE OLD DOMINION.

FAVOR ISLAND AS SITE.

War Department Officials not Unanimous in Approval of Cape Henry Location.

Norfolk, July 15.—Colonel Eleveth E. Winslow, United States Engineers, in a speech at the dinner given by Mr. Harvey M. Dickson in honor of Brigadier-General C. C. Vaughan and other officers of the Virginia militia at Cape Henry Saturday evening cited facts and figures showing that the land needed to establish a fortification at Cape Henry cannot be secured within the $150,000 appropriation passed by Congress for this purpose.

The lessons taught by the Russo-Japanese war, Colonel Winslow said show that seacoast fortifications, unless they are located on islands, are not impregnable. The Japanese, he pointed out, captured Port Arthur from the land side. They simply walked in and took the fortress, he said. True, it took eight months and cost the lives of a hundred thousand men, but they did it.

Lessons, such as these, Colonel Winslow said, have caused officials of the War Department to believe that forts should be established on island wherever practicable. These officials, continued Colonel Winslow are not wedded to the site at Cape Henry for the proposed fortifiactions at the entrance to Chesapeake Bay. They are more inclined to favor the building of an island either on the "Middle Ground" or on the "Tail of the Horseshoe" inside the capes,

Colonel Winslow said he was rather surprised during a recent visit to Washington to learn that the island fortification projected is being given considerable agitation.

Colonel Winslow then stated that the land required at Cape Henry cannot be secured within the $150,000 appropriation. More money is needde, he asserted, and it is up to the people of Norfolk to see that the necessary amount is made available.

GOES TO AFRICA.

Bishop W. R. Lambuth Told Native Chief he Would Return Some Day.

Lynchburg, Va., July 15.—Bishop W. R. Lambuth of Methodist Episcopal Church South, passed through Lynchburg Wednesday, enroute to New York city from whence he was booked to sail for Brazil, from where he will got to Africa, to fulfill a promise made several years ago to an African chief. A year ago while on a missionary tour as a bishop of his church, Bishop Lambuth called at a Presbyterian mission in central Africa, which was in charge of Rev. Robert Morrison, a native Virginian, who is now on a furlough at his old home in Rockbridge county. From there he penetrated the continent some five hundred miles, where he was graciously treated by the natives.

It was while there that the chief of the tribe exacted Dr. Lambuth's promise that some day, if Providence so willed, he would return to establish a mission of his church. He was so impressed with the possibilities that he set to work upon his return to America and now he goes with full authority to fill his promise with a mission. After his trip to Brazil, Dr. Lambuth goes to Africa, and he hopes to be able to establish a work there before the close of the present year, or early during 1914.

Sailing from New York for Brazil were Rev. J. L. Kennedy, for more than thirty years a missionary to that country; his sister, Miss Mollie Kennedy, and his daughter, Miss Eula Lee Kennedy, who graduated from the Randolph-Macon College here last June. Mr. Kennedy's other daughter, Miss Ruth, remains here to complete her studies at Randolph-Macon next session.

Surprising Cure of Stomach Trouble. When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost anything that I want. For sale by all dealers.

RESENT ACTION OF COMMITTEE

Had no Right to Commit Labor Men to Candidacy of John. Thompson Brown.

Richmond, July 15.—Holding that the action of the executive committee of the State Federation of Labor in committing the union labor men of Virginia to the support of John Thompson Brown candidate for commissioner of agriculture, was unwarranted and without authority, the Labor Day committee of the Central Trades and Labor Council last night, unanimously passed a resolution calling upon President John Hirshberg to summon the members of the committee to appear before a special meeting of the council next Sunday afternoon at 4 o'clock to give an explanation of their action.

"This comimttee," stated a member of the council last night, "is not vested with the right to commit the individual members of the organization to the fortune of any political candidate and the members of the Richmond council are highly indignant over the action. Few who knew of the meeting had no idea that they would take any such acton as they did."

DEATH OF IVANHOE SCLATER.

DIED FROM HER INJURIES.

Lamp Hurled at Woman Ends Her Life.

Norfolk, July 15.——Olivia Cornman, colored, badly burned and injured on Saturday night, by being struck by a lighted lamp, thrown, it is said, by Alex Jones, also colored, died early yesterday morning, at St. Vincent's Hospital.

Jones and the Cornman woman are said to have had a heated argument late Saturday night, at the woman's home in Smith street and Jones is said to have picked up a lighted lamp from the table and thrown it full in the woman's face, cutting her badly and setting her clothes on fire. The woman rushed screaming into the street. The police from the Second Precinct police station took her to St. Vincent's Hospital in the patrol wagon.

Jones made his get-away before the police arrived on the scene and had not been arrested at a late hour today.

A Good Investment.

NEGRO MUST GO.

Investigation of Affairs of Industrial School at Bon Air.

Richmond, July 15.—As a direct result of the state investigation into the affairs of the State Home and Industrial School for Girls, which was begun at Bon Air and virtually concluded Saturday the state board of charities and corrections, which conducted the investigation, will recommend and strongly urge the removal of the negro Beverly Banks, whose presence in the capacity of a srot of overseer to the inmates occasioned, more than any other one thing, the probing of the institution.

Banks was among the star witnesses placed on the stand in defense of the Bon Air home Saturday afternoon. He attended the morning session of the investigation at the Bon Air pavillion, but did not enter the building, being stationed to the outside in charge of two horse attached to a surrey, which had conveyed the matron, Mrs. M. M. Light, and other women over to Bon Air from the home.

Banks is of middle age and exceedingly black. He is married and has one child. Upon the stand he testied that he went armed at night upon grounds of the home. He said that his revolver had been presented to him by Samuel P. Waddil, a member of the executive board of the Bon Air home and clerk of the Henrico county circuit court. The negro receives $3. per month in compensation for his services, and testified that he would not remain at the home unless permitted to retain his firearms. He said that on more than one occasion he had employed his revolver at night and that he had once fired three times upon an intruder whom he had located in a loft of the barn.

BITTEN BY MAD DOGS.

Victims of Attacks Under Treatment at State Health Department.

Richmond, July 15.—Six persons from this city are receiving treatment for mad dog bite at the State Health Department. Five of the six were bitten by the same several days ago. All of them are responding nicely to treatment.

Several days ago a young dog in Fulton suddenly went mad and began to snap at everything and everybody The dog was owned in Fulton, and the following persons felt his fangs Charles L. Hill Sidney Philbates Mrs. Carrie Seay, Robert J. Burns and R. C. Craddock.

About the same time a canine spied Edward Eliason, on East Broad street, between Fourteenth and Fifteenth, and proceeded to snap him. He was taken to the State Health Department and given treatment as were all the others.

The heads of the two dogs were sent to Washington for examination, and in both instances there were positive indications of the presence of rabies.

The patient's are all geeting along well, and there is nothing to fear.

Killed With Beer Bottle.

Bristol-Va., Tenn., uly 15.—Following the death of Frank Cunningham, the 17-year-old son of L. H. Cunningham, whose skull was crushed with a beer bottle, Emmett Collins, a young man charged with the assault, is held for murder. The assault was made at an ice cream supper in a suburb of Bristol, and is said to have been occasioned by remarks which Cunningham is alleged to have made about a sister of Collins. Collins admits that he was in a quarrel with Cunningham, but it is intimated that he will endeavor to show that the beer bottle was thrown by a third party in a general fight which ensued.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses —and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

HORRORS OF THE BALKAN WAR.

That the Balkan struggle will end by a process of mutual exhaustion seems the only hope Sir Edward Grey, the British foreign secretary, is able to hold out. In a statement in the House of Commons last night he said that mere words were not likely to affect the situation, and it would be most difficult for the European powers to resort to force to impose peace. Neither Servia nor Greece has paid any attention to Russia's proposal that they cease hostilities. They appear determined to negotiate peace with Bulgaria only on the field, without intervention by any third party, and, unless Bulgaria proves amenable, it is believed that an advance will be made upon Sofia to enforce acceptance of the Servo-Greek terms.

The sacking and burning of the town of Seres by the defeated Bulgarian army and the accompanying outrages on women and atrocities on men have been confirmed.

Even he foreign consulates in Seres were not spared. The Austro-Hungarian consular offices were plundered and burned. Vice-Consul George C. Zlatko, being carried off by the marauders but subsequently ransomed. The Italian consulate also was sacked, but the consul bought off the incendiaries.

The Bank of Athens, the Oriental Bank, the Palace of the Metropolitan, the great synagogue, all the schools, the tobacco warehouses of the American, Austrian and German companies and the hospitals were burned after they had been pillaged.

The Amerfican Tobacco Company alone suffered to the extent of $1,000,000.

Many people were crucified, hacked to pieces and burned alive by the maddened Bulgarians, who committed incredible outrages on women of all ages, many of whom died from the effects.

The condition of those who escaped was lamentable. Rich merchants are dying of hunger, while wretched mothers are trying to find covering and food for their naked and starving children.

The situation is desperate as all the pharmacies were burned down and there is a total lack of medicines for the sick and bandages for the injured.

The horrors of war in the storm center of Europe shows that the belligerents are as cruel as in the days of Nero, and the modes of torture are identical with those resorted to in the seige of Jerusalem by Titus. Nero is credited with opouring oil on prisoners and setting fire to their clothing, thus making human torches of them.

Frightful atrocities marked the war between Russia and Turkey in 1876, and brought to mind horrors of ancient history. The last third of a century, has not, it seems, curbed the barbarity of people now inhabiting the same section of the globe.

THE PENALTY OF GREATNESS.

The statement made by Secretary Bryan a few days ago that he was compelled to go on the lecture platform in order to meet his annual expenses in residing in Washington and holding a cabinet position has startled many people who naturally think a man could make both ends meet on $12,000 a year.

While the late W. T. Sherman was general of the army, with headquarters in Washington, shortly after the close of the civil war, he announced his intention of removing to Chicago, and in doing so he said he was unable to live on his salary of $16,000 a year. He said that he spent more than that amount, while his family were overworked in attending and presiding over social functions.

It is a well-known fact that some capable men selected by President Wilson for foreign posts were compelled to decline the same because they were not millionaires.

Mr. Bryan's present financial standing is summed up as follows:

His salary as Secretary of State is $12,000.

His wealth is estimated at $500,000.

Has been advertised by lecture bureaus as highest paid speaker in country.

His weekly publication, the Commoner, is reported to be profitable.

He has capitalized his travels into syndicate writings.

While at the Chicago and Baltimore conventions a year ago, he wrote newspaper stories, for which he is said to have been paid $1,000 a day.

Has a large establishment, including a farm, at Lincoln, Nebr., and another farm in Texas, devoted principally to onion growing.

Is building a winter home at Miama, Fla.

Rental of his Washington home is between $3,000 and $3,500.

Keeps few servants; has an automobile and a riding horse.

Has eliminated big item of dinner-giving expense, that of wine, and serves only spring water and grape juice.

We don't know what these rythmic dances may be except that they are the very latest thing. We progress so fast in this line that it is hard to keep up with the procession.

That "cat and mouse" law the English are working on the suffragettes gives Mrs. Pankhurst a whole lot of in-again-out-again notoriety.

The Bulgars have burned an American Tobacco Company's factory. If they are not careful the tobacco trust will buy out their kingdom and discipline them properly.

Evelyn Thaw is to go upon the stage in London. She probably hasn't received any more publicity than her husband, but has a chance to cover more territory.

TRIBUTE OF RESPECT.

At a meeting of the Chamber of Commerce of Alexandria, held July 15, 1913, the following was unanimously adopted:

Whereas: This Chamber of Commerce has heard with profound sorrow and deep regret of the death of our friend and co-member, Mr. Harrison Kirk, and

Whereas: Mr. Kirk was a charter member and director of this Association and ever active in this work. Be it therefore

Resolved: That this Chamber of Commerce bear public testimony of the high regard and deep esteem with which Mr. Kirk was ever held by its members. That our city has lost a most useful citizen and the business world a man of ability and strict integrity. Be it further

Resolved: That these resolutions be spread upon the minutes and a copy sent to his family, and published in the local papers.

BARGAINS OF A LIFETIME.

Owing to the death of John A. Marshall, the business of the firm will be conducted by me as surviving partner. The affairs will have to be settled, no matter what the sacrifice. Knowing full well that it will take considerable time to close this matter by even getting cost prices of our goods, I have determined, in order to settle quickly, to sacrifice everything. It is impossible to enumerate the immense stock, but a few will suffice to interest those who would like to get something for actually nothing. The sale will begin tomorrow, July 12th, and will continue throughout the week. To interest the people we will mention a few of the many bargains:

Broken lot Men's $4 and $5 low Shoes and oxfords, for $1.50.

Women's oxfords, in broken lots, mostly small sizes and narrow width. Usual price $2.50, $3 and $3.50, now $1.00.

Children's oxfords that sold for $1.00, $1.25, and $1.50, to be sold at 50 cents a pair.

Misses oxfords, which we never sold for less than $1.25, $1.50 and $2.00, will go for 75 cents a pair.

100 pairs of misses and children's white canvas pumps and oxfords, a few slightly soiled, will be sold for 25 cents a pair.

In conclusion, I want to ask my friends to assist me in settling the affairs of the firm promptly, and the best way I can suggest is by closing their accounts. I will gratefully appreciate their co-operation in this matter.

CHAS. B. MARSHALL.

NEWS OF THE DAY.

A second post mortem examination yesterday of the body of Alice Crispell, a victim of a tragedy of Harvey's Lake, Pa., on the night of July 4th, resulted in a decision that the girls death was caused by drowning. The case, however, is as mysterious and baffling to the authorities as ever. The decision that his sweetheart was drowned, the police say, does not move suspicion from Herbert Jones, who is still confined in jail in connection with her death, awaiting habeas corpus proceedings on Wednesday.

Miss Inez Milholland, the youngest and most beautiful of the American suffrage leaders, was married last Friday in London or Southampton to a gentleman of Holland, and is now spending her honeymoon on his estate near Amsterdam, according to reports in London. The Dutch suitor, if the wedding rumor is true, has triumphed over some of the wealthiest and brainiest set of men of America and England.

Dreaming that he was going to be killed by a train colliding with his train, Fireman Butler, of the Big Four, leaped through the cab window of his engine on June 25 and rolled down a steep embankment suffering injuries which resulted in his death. Butler was on a work train which was standing on a siding near New Dover, Ohio, when a passenger train rushed by. This awekened him from a sleep and made his dream seem real.

The Federal grand jury in New York yesterday indicted on a charge of using the mails to defraud Nova Adolphus Brown Harold ewis, Davis and Floyd N. Franklin, in business at 1 Wall Street as N. A. Brown & Co., Inc. It is alleged that in matter sent through the mails the defendants argued , the purchasing of stock of "Franklin, Inc., Manufacturers of Candy," stating that within a year a profit of 50 cents would be received on each dollar share purchased. The defendants all surrendered themselves, pleaded not guilty, and were released in $5,000 bail each. According to the government they have disposed of a half million dollars in stock.

The death sentence of Tony Milano, convicted of the murder of 12-year-old Harry E. Smith, in Milano's cobbler shop in Washington City two years ago, was commuted yesterday by President Wilson to life imprisonment on the ground that the condemned man was insane at the time of the crime.

Michael Juhus and Michaeal Judd, foundry employes, were killed by sewer gas late yesterday in an effort to rescue John Donnelly, an employe of the Cleveland, O., sewer department, who was rescued by city firemen when the bodies of the other two men were taken out. Juhas and Judd havng seen Donnelly go down a manhole, went to se why he did not come up. They, too, were overcome wth gas, and were dead when reached. City firemen donned smoke helmets, brought out the three and used the pulmotor in vain to resuscitate Judd and Juhas.

Evidence of a silent tragedy of the air was discovered near Nonancourt France, yesterday, when the burned bodies of two aviators were found in the charred wreckage of an aeroplane. The bodies were later identified as those of M. Percin, and his son both of whom were expert airmen.

Crazed by jeaously, George Mehalisin, forty-two years old, a Slavish miner, killed his wife and three children, and then committed suiicde in his home at Trooter, one mile from Connellsville, Pa., yesterday morning. The maniac shot the family while they were asleep in bed.

MAN MURDERED.

Shot by Mulatto Woman After Taking Her Whisky.

Martinsville, Va., July 15.—John Joyce, a young white man about twenty-five years old, was shot and killed near Critz, in Patrick county, Sunday morning by a mulatto woman named Gilley, of this county. Joyce went to the woman's home with a companion, who called for a pint of liquor. The woman handed out the liquor and Joyce took it and announced his intention of not paying for it. The woman seized a Winchester rifle and shot Joyce dead.

Sheriff Boaz later went to her house to arrest her. After making the arrest, and as he was leaving with his prisoner, the woman's nine-year-old son, resting the rifle in the window, fired four shots at the sheriff none of which took effect. He was arrested, and both mother and son were lodged in jail at Stuart.

Joyce was a married man and leaves a family.

MAN THROWN FROM TRAIN.

E. B. Lewis, of Richmond, Seriously Hurt Near Norfolk on Beach Exursion.

Richmond, July 15.—While the excursion train of the Mutual Aid Association of the American Can Co., was racing between Norfolk and Virginia Beach at a forty-mile an hour rate yesterday about noon, E. B. Lewis, of Church Hill, Richmond, was thrown from the rear platform of the last coach and seriously, perhaps fatally, injured. It was stated by surgeons at St. Vincent's Hospital, Norfolk, where Lewis was taken for emergency treatment, that the extent of his injuries could not be ascertained until today. It is feared that his skull was fractured.

Mr. Dyspeptic would you not like to feel that your stomach troubles never over,that yo ucould eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for ending your trouble, but permit us to assure you that it is not altogether impossible. CYCLONIC STORMS HAVOC.

Destroys Buildings, Uproots Orchards and Damages Crops.

Pottsville, Pa., July 15.—A storm of cyclonic proportions swept the western part of Schuylkill county Sunday night. At Orwin the grandstand of the baseball association was demorished and four barns were torn to pieces by the wind; at Tower City, and in Hegins Township orchards were stripped of their fruit and trees were torn up. Crops of all kinds suffered great damage.

At Orwin a club house, in which were 20 men was lifted from its foundations and carried about 10 feet. A tree to which John Knauff, of Orwin, was clinging for protection, was uprooted. There was no lives lost.

The culm from the coal banks was blown in clouds and covered Tower City with about an inch of grime.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

STORM IN OHIO.

Great Damage From Cloudburst. Yesterday Morning.

Columbus, Ohio., July 15.—A severe wind, rain, and electrical storm is raging over western Ohio in the vicinity of Springfield and Dayton. Practeallly all wires are down.

Railroad traffic in central and south eastern Ohio had resumed somewhat normal conditions again last night, following the cloudburst of early yesterday, which for more than twelve hours paralyzed all transportation service.

Thirty-five pasengers on a northbound Pennsylvania passenger train, marooned at Stanleyville, near here, were rescued in the afternoon, when trainmen and farmers cut open the top of the coaches and carried the passengers out in rowboats.

Marietta, Ohio, July 15.—Hundreds of horrified spectators gathered on the banks of the Muskingum river here late yesterday afternoon to witness high-water sights, resulting from the cloudburst early yesterday saw William Kauf and Charles Raschen carried over the Muskingum dam in a rowboat in which they attempted to cross the swollen stream. Raschen was drowned when the boat overturned, but Kauf was rescued by members of the fire department.

Zanesville, Ohio, July 5.—Residents of Zanesville feared a repetition of the March floods, yesterday when the heavy rains which started late Sunday night developed into a cloudburst and the rainfall of 6.45 inches, has than half an inch below the rainfall which caused the March flood More than twenty bridges were washed away, crops were ruined throughout this section, and the damages, including those to farmers, were estimated anywhere from $200,000 to $500,000.

The Muskingum river rose 14.6 feet within a period of eight hours, but it is believed the waters began to recede, and the stage last night was about 5 feet lower than the high-water mark.

Thousands of acres in the lowlands of county, were under water, while in the city 50 houses were inundated to a depth of several feet. In the flood districts people found the water approaching their homes rapidly and they moved their furniture to the upper floors.

Causes of Stomach Troubles.

Sedentary habits, lack of out door exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be well again. For sale by all dealers.

UNCERTAINTY OF DOGS.

After Innocent Man Spends Two Years in Penitentiary He is Paroled.

Topeka, Kas., July 13.—George Horton, sent to prison in 1910 for a crime he did not commit, has been granted a permanent parole by Governor Hodges and may be given an unconditional pardon in a short time. After serving nearly two years in prison because a bloodhound connected him with the theft of some jewelry, Horton and his friends have been able to show that the young man had no connection with the robbery.

Horton was sent to prison, convicted of housebreaking into the jewelry store of J. Southworth, at Medicine Lodge, and taking a quantity of jewelry. A bloodhound was put on the trail to hunt down the robber. On the first trial the bloodhound failed to follow the trail, but on the second attempt the dog ran straight from the store to the house where Horton was rooming and up to the young man's room.

A careful search was made of the room but no jewelry was found. There were some tracks in the ground beside the window, which had been opened, and Horton's shoes were tried in these tracks. They fitted the tracks exactly. On this evidence of the bloodhound and the shoes a jury convicted Horton of burglary and larceny.

Some months after Horton had been taken to prison workmen, who were repairing the Central Hotel at Medicine Lodge, found some of the stolen jewelry from the Southworth store.
